Natural rose water

It has the following benefits:

- It reduces the fatty excretions.
- It vitalizes the blood circulation.
- It cleans the skin: it acts like a sterilizer and protects the skin from germs and cleanses the skin from fats and dirt and it's used as replacement for tonic.
- It moisturizes the skin: it's a gorgeous friend to the dry skin or the skin sensitive to the various climate effects.
- It is used to remove makeup: instead of artificial creams. It removes the makeup in a safe way and soft on the skin.
- Softening the skin and clarifying the skin and replacing it with a soft and attractive touch.
- It closes the pores in the skin.
- It removes acne: it acts as a reducer of the fatty excretions which cause acne and it treats any traces left by acne.

35 Shekels per piece

Does not contain any artificial coloring or paints

It removes the dead skin cells and smooths and moistures the skin.

50 Shekels per piece

Coal Soap with Tea plant oil

Use it to clean the skin and remove the sticking dirt so your skin gets protected from inflammations and ulcers especially if your skin is fatty. It's a treatment for acne and blisters on the face and the body and prevents their renewed apparition because of the cleansing and sterilizing effect of the soap in addition to its capability to reduce and close any open pores and prevent the accumulation of dirt in them.

Natural body scrub

Chose the fragrance you prefer from our collection. 1- Oranges 2- Vanilla Latte 3- Coconut and Vanilla 4- Lemon 5- Mint 6- Roses 7- Lavender 8- Apricot.

Two sizes 30 – 70 Shekels

Soap and moisturizer

It's made from the Black African Soap and the raw Shia butter. It's a treatment package to cure dark stains and chloasma and colorings. The Black Soap acts as a treatment to blisters and acne and as a skin whiteners because it makes a slight peeling and reduces the size of the pores and tightens the complexion. The Shia butter is the best natural moisturizer for all kinds of skin and precisely the dry skin and whitens and evens the skin tone and it's excellent for any cracks in the skin and any signs of stretching and eczema and psoriasis and acts as a sun screen too. As to the results in treating stains and chloasma we offer two products of Shia butter: one for day use and another for night use.

Herb tea

It's a mixture of healthy seeds and flowers, free of caffeine and exquisite.

You can use it daily for colds and sore throat remedies, as it keeps you in a very good health. To get the best flavor you may add a little amount of Honey to it.

Indian spices mix

A variety of the best fresh ground spices in which raisins, nuts (almonds), dried vegetables (carrots and peas), and a special marinade made from parsley and wild thyme are added to it.

Directions for use: Add two table spoons of the spice for every cup of rice (to be added during the boiling) that will give a tasty flavor and a pleasant smell to the food.

Australian spices mix

This spice mix adds a tasty flavor and color to the rice and soups.

Directions for use: two table spoons for every cup of rice.

Curry spices

Usually added to many dishes like fish, meat, and chicken and especially in sauces and marinades for the roasted and fried dishes where it gives a unique flavor. Coconut milk is usually added with the curry in the mixtures because the two flavors are a good combination together and the coconut milk reduces the sharp taste of curry. It is important to keep the curry spice in a closed jar to preserve its sharp taste and should be used for not more than two months.
